

VICTORIA FALLS SAFARI LODGE

The sunset-facing Victoria Falls Safari Lodge, just 4km from one of the Seven Natural Wonders of the World - is built on a plateau offering stunning views of pristine bushveld, including a large central waterhole frequented by elephant, buffalo, hyena and other wildlife.

The spectacular setting can be enjoyed by guests cooling off in a two-tiered swimming pool, sipping sundowners at the famous Buffalo Bar, or dining at the award-winning MaKuwa-Kuwa Restaurant, which is open on three sides.

Built of thatch and timber, the lodge rises several levels, giving the impression of a vast open-plan tree house. The authentic African feel extends to all 72 rooms, which face outwards to the African bush.

The newly upgraded rooms have sliding glass doors which open from light, spacious interiors onto private balconies with superb views of the bushveld sunsets. The standard and waterhole-facing rooms have large, walk-in eco-friendly rainfall showers. The waterhole-facing suites include bath tubs. Soft, earthy colours complement the elegant ambience.
